ORIGINAL STONE

The feeling comes from the flawless white sand beach of Maldives, which is romantic, soft and delicate. The transparency and purity of the white beach are the keynote. The layers of sand shimmering and texture blown by the sea breeze participate in it, and the texture of the waves hitting the white beach. Feel the call of the ocean brought by the cool sea breeze, carving out the unique characteristics of the space.

Porcelain. Elegance. Sustainability

The pure white and clean base of Maldives Sand and the surging waves are as gentle as a breeze, quiet and long. The gray and white stone patterns are scattered among them like pearl stars, telling the story of the changes of the natural coastline over the years.
