ORIGINAL STONE

**LIMESTONE**  
ORIGINAL STONE

Limestone's design draws inspiration from limestone, a stone with a rich history spanning hundreds of millions of years. Despite hundreds of millions of years of sedimentation, it still proudly displays its unique charm. Due to variations in sedimentation, geothermal heat, and crustal pressure, limestone exhibits varying degrees of hardness, resulting in a uniform texture and a subdued, gentle color.

**Casaferra**<sup>®</sup>  
Porcelain. Elegance. Sustainability

Casaferra adds subtle stone lines to the textured texture, with even flocculent and shellfish details. The color is gentle and low-key, elegant and natural, mysterious and retro, depicting the true nature after the prosperity, exuding an elegant and mysterious atmosphere.
